Priče grade put do srca

This is a story about Mister **Choice** and Miss **Consequence**. We shall call them Mister Cho and Miss Con because they like it better this way. Cho and Con are quite an unusual couple. Nobody has ever seen them, but everybody knows them. Very interesting, isn't it?

Mister Cho and Miss Con are never separated. Even the birds on the tree know that where Mister Cho goes, Miss Con is always somewhere around the corner.

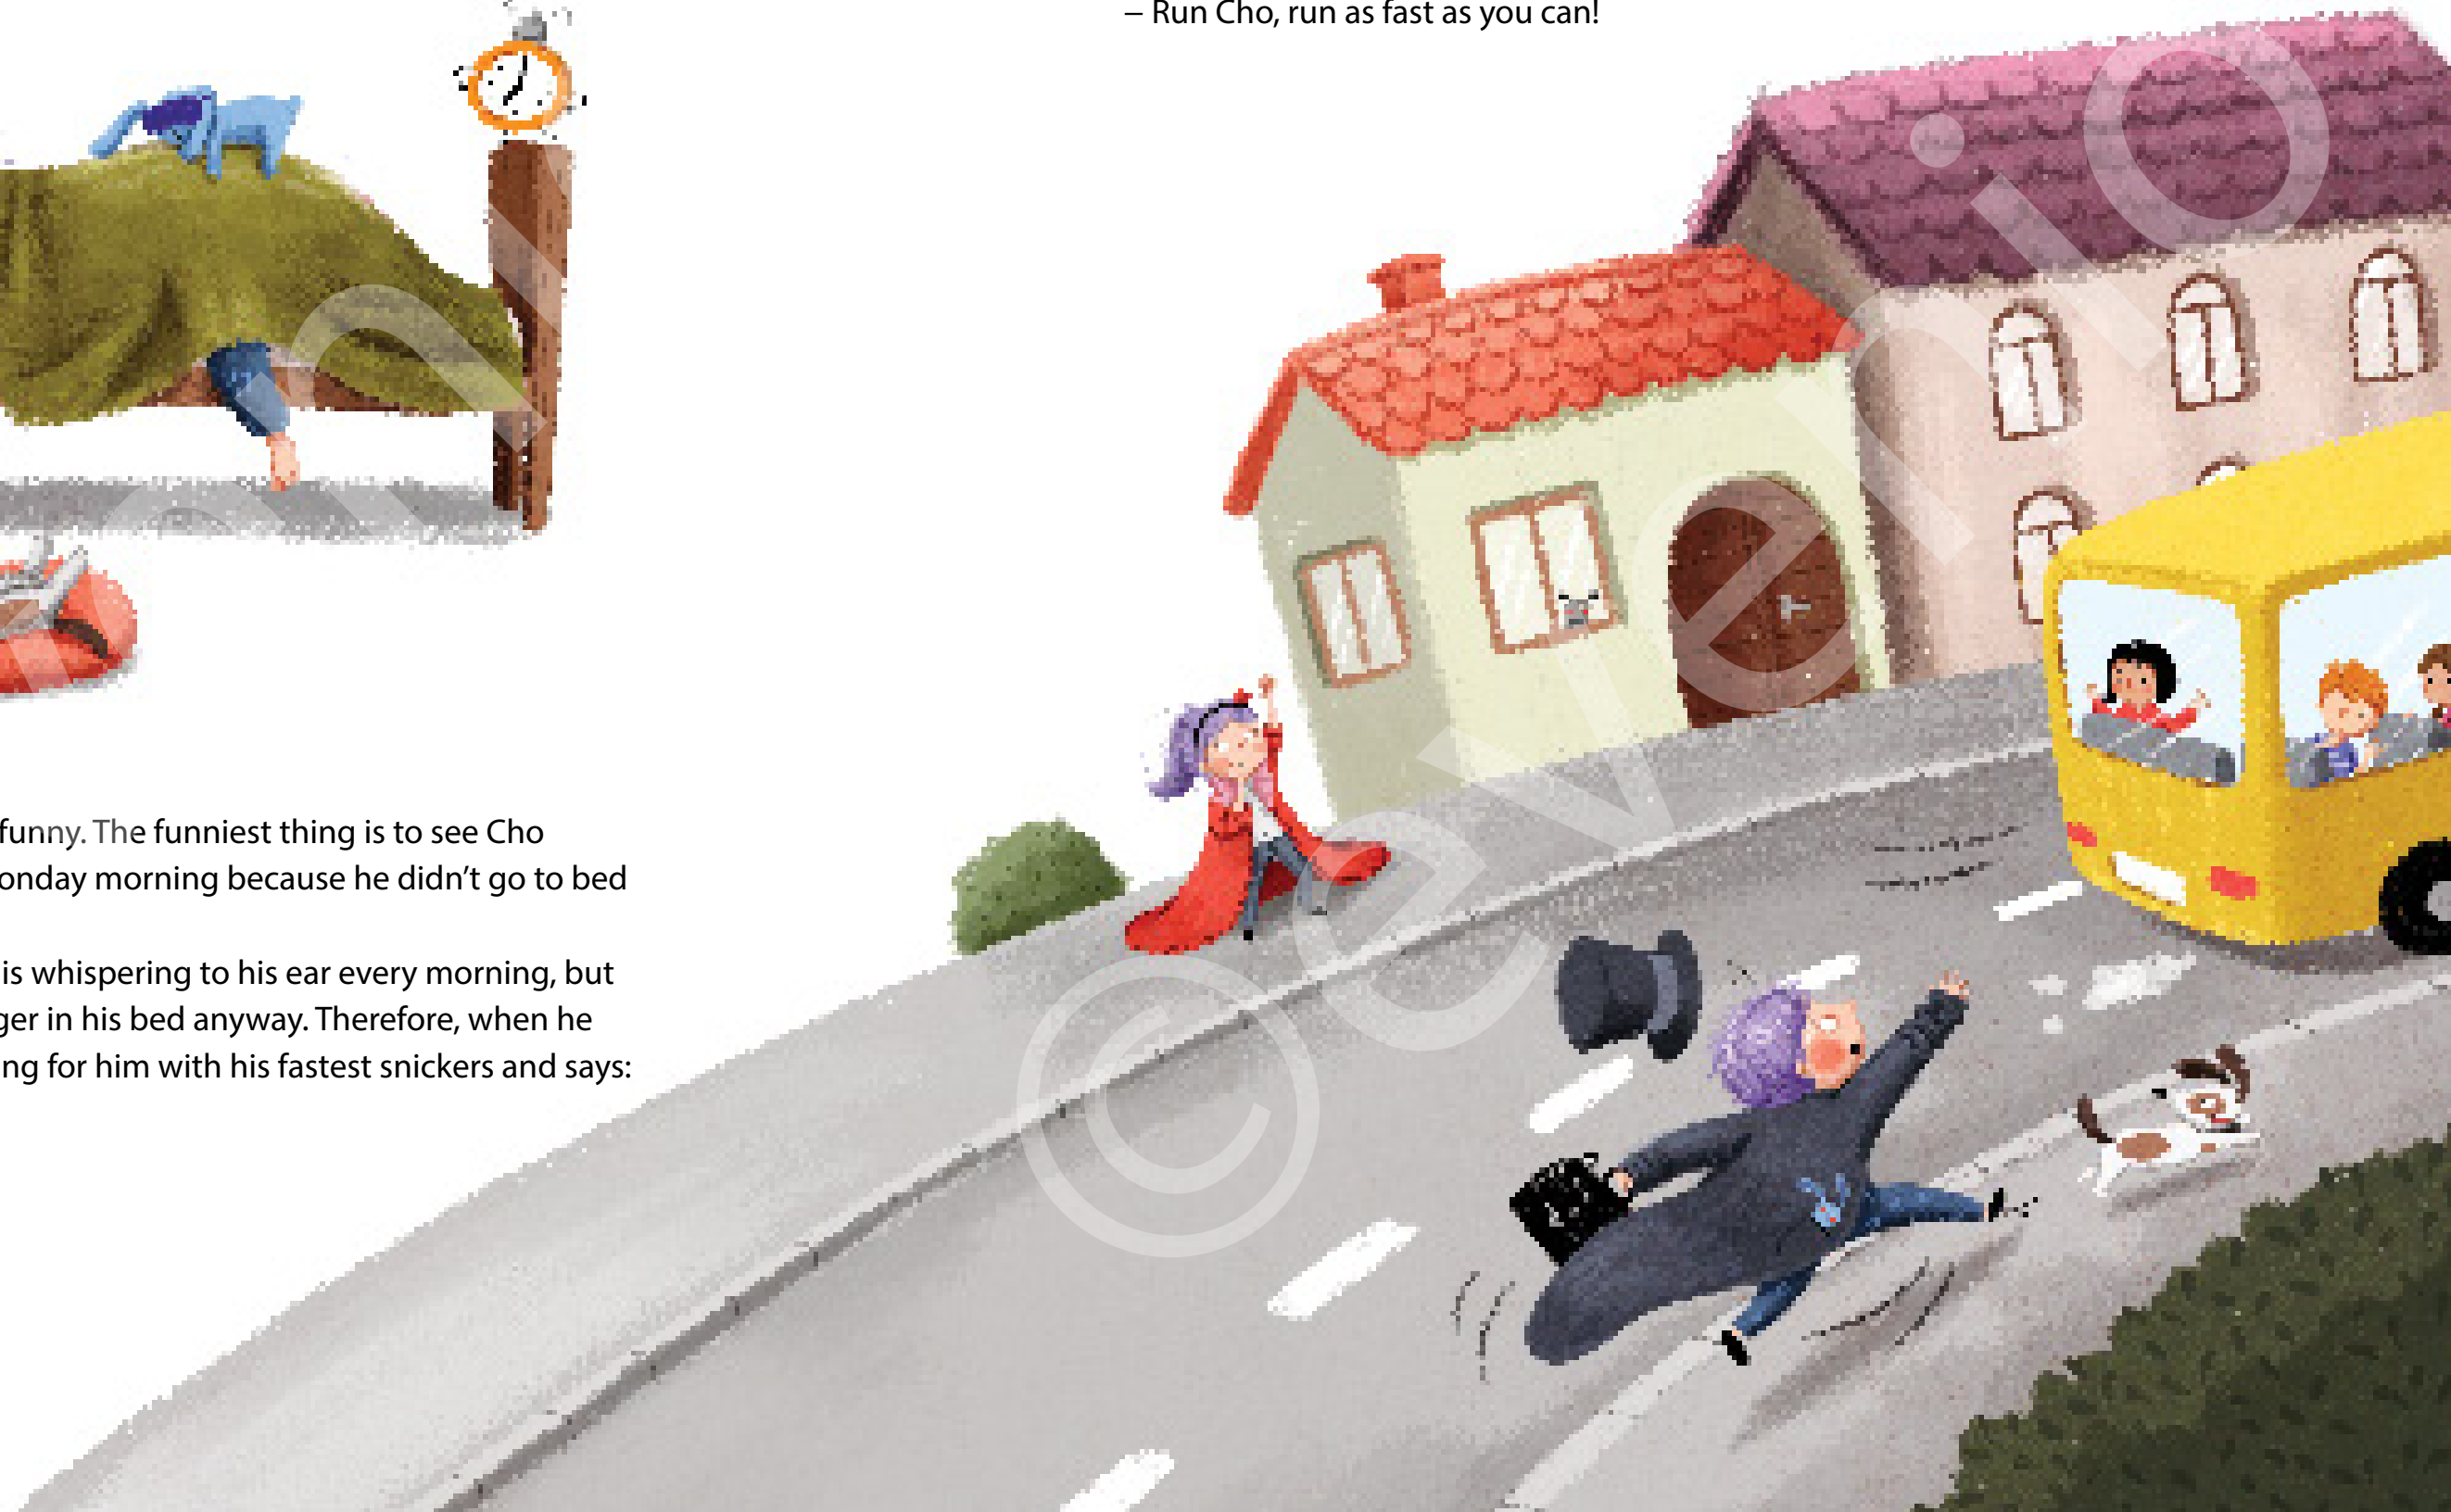

– Run Cho, run as fast as you can!

Cho and Con are often very funny. The funniest thing is to see Cho running after the school bus on Monday morning because he didn't go to bed on time the day before.

– School cannot wait – Con is whispering to his ear every morning, but Cho chooses to stay a little bit longer in his bed anyway. Therefore, when he finally gets up, Con is already waiting for him with his fastest snickers and says:

It is also very funny when Mister Cho gets a visit from little creatures called Achoohas, sent by Miss Con.

That usually happens over the winter when Cho does not want to wear his hat, scarf, and gloves or walks barefoot around the house all day. Miss Con doesn't want Mister Cho to catch a cold. She just wants to teach him that it's very important to dress properly.
